Our Services

- **Customs Brokerage Service**
 - Full service Canada Customs clearance of import shipments.
 - Seamless and quick clearance of each and every shipment arriving at any Canadian port of entry.
 - Direct connectivity with CBSA to submit shipment import data without any delay.
 - We make sure every shipment goes through our rigorous proprietary flagship LLPD – Least Legally Possible Duties process.
- **Duty Recovery Service**
 - Our duty-recovery service is on contingency basis. Only payable if we are successful in bringing back duty-refund.
 - Industry fact - 20 to 25 percent imported goods into Canada are not accurately classified at the time of entry.
 - We go four years back and check each and every import entry to uncover duty refund opportunities.
 - Over the years we have helped Canadian importers recover millions in duty refund.

Our Strengths

Testimonials

Tariq Shaikh at Precision Customs has delivered significant value to our company thanks to his deep customs expertise, attention to detail and genuine interest in helping our business grow. I have been impressed by the level of diligence Tariq has consistently shown in preparing large and complex documentation that put us in a strong position to manage our expenses paid to the CBSA. His work identifying opportunity and consulting for Wayfair has resulted in material savings to our business, and I'd recommend Precision Customs to others.

Testimonials

would like to take this opportunity to thank you for your service. When we met, I was sceptical about being able to get our import tax code reduced, but to our surprise, you were able to bring it down from 18% to 0. AMAZING! we are now able to save on importing our goods, and so thank you once again. We will certainly recommend your company and services to everyone in the import business.

Testimonials

Precision Customs Consultants (PCC) has obtained Canada Customs rulings for our products that were complex and highly processed at multiple levels. We were very impressed by the level of professional customs compliance services PCC has offered. Work was carried out quickly and accurately with minimal involvement from our staff. We are greatly satisfied with PCC services and we would highly recommend them to any other Canadian importer to use their customs knowledge, expertise, and assistance.”
